The SFS-Inspecta Certification grants the licensee above a licence to use certification marks as stated in this licence in connection with those products that fulfil the requirements of the standards above.

The licence is valid on the condition that the licensee complies with the general rules of the SFS-mark and the Nordic mark (ABC 100) as well as the special rules concerning the product in question.

The licensee is responsible to indemnify the SFS-Inspecta Certification for any claims for damages or any other expenses for which the SFS-Inspecta Certification might become liable due to damages caused by a certified product manufactured or sold by the licensee including deficiencies or defects in the product.

The licence is valid to the 31st December current year and thereafter one year at the time unless the licensee or the SFS-Inspecta Certification gives at least three months' notice to the contrary.

The licence is not transferable.
